## PE Premium 2019/2020

The following document will outline the use of the PE Premium for the financial year beginning 1<sup>st</sup> April 2019, along with other pertinent PE related objectives/actions/outcomes:

April 2019 to March 2020:      Total PE Grant over period:      **£17410** (of which £5000 carried forward for outside activity construction projects – Running Track / Cover)

Outcomes/impact has been monitored against **5 key indicators**:

- The engagement of all pupils in regular Physical activity
- The profile of PE and sport is raised across the school as a tool for whole-school improvement
- Increased confidence, knowledge and skill of all staff in teaching PE and Sport
- Broader experience of a range of sports and activities offered to all pupils
- Increased participation in competitive sport **Additional Information**:

Appendices 1, 2, 3 & 4: details of inter school participation and achievement over the previous four years.

Appendix 5: pupil response figures relate to the year s3-6 (58 children) PE survey carried out in summer 2019. Additional impact survey relating to 2019/20 to be carried out when School Covi-19 closure allows.

## **Participation, Achievement, Competition and The School Games:**

Wreningham consistently provides opportunities for more children and teams to compete in the school games than any school in Norfolk, regularly taking up to 3 teams to events where other schools – many much larger – will only take one team. This has been recognised by the Sports Partnership (South Norfolk), and is highlighted by our 3 Gold School Games Marks

We attempt to enter the whole range of sports offered by the School Games, providing children with new opportunities and experience of competitive competition, regardless of current ability/gender. Consequently, there are extremely high levels of participation and a consistent improvement in skill, achievement and always an emphasis on enjoyment. As such, progress is now consistently highlighted, not only by the results achieved by the children in competition, but more importantly, by the skills, enthusiasm and enjoyment of sport by our children.

Appendix 1,2,3 & 4 illustrate our all inclusive participation and additional successes during the previous 4 academic years.
