

## Wreningham PE Grant April 2021/March 2022

### Wreningham VC Primary School

#### PE Premium 2021/2022

The following document will outline the use of the PE Premium for the financial year beginning 1<sup>st</sup> April 2021, along with other pertinent PE related objectives/actions/outcomes:

April 2021 to March 2022: Total PE Grant over period: **£17,000**

Outcomes/impact has been monitored against **5 key indicators**:

- The engagement of all pupils in regular Physical activity
- The profile of PE and sport is raised across the school as a tool for whole-school improvement
- Increased confidence, knowledge and skill of all staff in teaching PE and Sport
- Broader experience of a range of sports and activities offered to all pupils
- Increased participation in competitive sport

## **Participation, Achievement, Competition and The School Games:**

Wreningham consistently provides opportunities for more children to participate in festivals, experiences and competition through the School Games and other organisations, than most schools in Norfolk (if not all, given our relative size): regularly taking up to 3 teams to events where other schools will only take one: most recently, taking 24 children to the South Norfolk Basketball tournament. This has been recognised by the Sports Partnership (South Norfolk), and is highlighted by our 3 Gold School Games Marks, and additional Virtual Award during the Covid period from 2020. We are currently in the process of gathering evidence and preparing to apply for the newly re-instated award in summer 2022

We attempt to enter the whole range of sports offered by the School Games, providing children with new opportunities and experience of non-competitive and competitive activities, regardless of current ability/gender. Consequently, there are extremely high levels of participation and a consistent improvement in skill, achievement and always an emphasis on enjoyment and well-being. As such, progress is now consistently highlighted, not only by the results achieved by the children in competition, but more importantly, by the skills, enthusiasm and enjoyment of sport and physical activity by our children. Appendices 2 to 6 illustrate the legacy of our all inclusive participation and additional successes over previous 4 Covid-free academic years.

Intention/objective	Cost/who	Actions	Outcomes/impact	Monitoring and evaluation of the impact of actions
