- The design must not include changing the egg in any way (no tape or nail polish on the egg!).
- The container must be able to be opened once dropped so that the condition of the egg can be checked!
- The inside materials must be designed to allow a raw egg to be easily inserted and removed.
- The eggs will all be dropped from height onto the school playground!
- **No parachutes or balloons!**

Can you help us access fundraising from your employer with **MATCH FUNDING** schemes?

Could you help? We are looking for those of you who may work for any companies who match fund. This means should you apply on our behalf we will in most cases receive an additional £1.00 for every £1.00 we raise from that activity. That could add up to £1000s, please speak to Sarah Jones (chair of FOW) if you think you can help. Thank you.
