

## Katrina's Life - Plan:

### The Old Plane:

Travels back home and repairs dad's old plane.  
Builds the machine in the workshop.  
Decides on a plan to save the world.

6.

### Escape:

The criminal boss of the city tries to steal the machine.  
Dr Smith helped her escape to the desert with the plans.

5.

### Childhood:

Born in a small desert town.  
Father was once a pilot, spraying crops before the climate disaster.  
She loved science and dreamt of solving the eco problems of the world.

1.

### Growing Up:

Was clever at school.  
Helped out on parent's farm, creating devices to trap water as the drought continued.  
Taught to fly by father and loved to be in the skies over her home.  
The crops began to fail – the rains failed.

2.

### Hard Times:

Eventually the family were forced to move to the city to find work and food.  
She had to work in a factory to help out.  
The city was tough.

3.

### The City:

Mum got sick.  
Met Dr Smith – a brilliant inventor.  
Helped him work on the rain-maker machine
