

Class 3's Home Learning, week beginning 13th July 2020

Maths - Year 4

For maths this week, we will be following the White Rose Home Learning Scheme.
<https://whiterosemaths.com/homelearning/>

The screenshot shows the White Rose Maths Home Learning website. At the top, there is a dark blue header with 'Home Learning' on the left and 'Home / Home Learning' on the right. Below the header, on the left, is a white box with an orange border titled 'Summer Term Plans'. It contains text about a 12-week learning programme and a button that says 'Click here for more details'. To the right of this box is a large orange and yellow geometric graphic. Below the 'Summer Term Plans' box is a section titled 'Hello there, Parents and Carers!' with a horizontal line underneath. Below this line is a paragraph of text about schools closing in response to COVID-19. On the right side of the page, there is a vertical teal sidebar with a dark blue header 'Home Learning'. Below the header, the sidebar lists several options: 'Summer Term', 'Easter Fun', 'Home Learning - Early Years', 'Home Learning - Year 1', 'Home Learning - Year 2', 'Home Learning - Year 3', and 'Home Learning - Year 4'. A yellow arrow points from the handwritten text on the right towards the 'Home Learning - Year 4' option in the sidebar.

Summer Term Plans

White Rose Maths in partnership with the BBC Bitesize Daily team has developed a 12-week learning programme for the summer term. This scheme is designed to help children be ready for their next year of school.

[Click here for more details](#)

Hello there, Parents and Carers!

As schools worldwide close for now in response to COVID-19, you might be wondering how best to help your child or children with their studies at home.

Home Learning

- Summer Term
- Easter Fun
- Home Learning - Early Years
- Home Learning - Year 1
- Home Learning - Year 2
- Home Learning - Year 3
- Home Learning - Year 4
- Home Learning - Year 5

Now, click
on the
'Home
Learning -
Year 4'.

Summer Term - Week 12 (w/c 13th July)

Lesson 1 - Lines of symmetry

The screenshot shows a video player interface. At the top, the text reads 'Shade exactly 5 squares to make a symmetrical shape.' followed by 'Have a go' and a blue pause button icon. Below this are three 5x5 grids. The first grid has a vertical dashed line of symmetry and one square shaded in the second column from the left. The second grid has a horizontal dashed line of symmetry and one square shaded in the second row from the top. The third grid has a diagonal dashed line of symmetry from the top-left to the bottom-right. At the bottom of the video player, there is a play button, a progress bar showing 10:25, and settings and full-screen icons. A small copyright notice '© White Rose Maths 2018' is visible at the bottom left.

You will find the videos for each day on this webpage. Activities and answers for each day are on our Class 3 webpage.

The activities are not divided into challenges.

Just do as many questions as you can.

I have included some reasoning and problem solving questions for those of you who would like a bit more of a challenge.
