

Class 3's home learning, w/b 1.6.20, Science

Can I identify and classify herbivores, carnivores and omnivores?

This page does not need to be printed. Please write the short date you do the work and the above question in your book, underlining them neatly with a ruler.

Activity 1

What is a herbivore? What is a carnivore? What is an omnivore? Look up the definition of each and write them in your book.

Activity 2

What is a habitat? Look up the definition and write it in your book. Please also give examples of different types of habitats.

Activity 3

Research what herbivores, carnivores and omnivores you could find living in the following:

- a) a seaside habitat
- b) an ocean habitat

How will you present your information? You could create a poster, include pictures, draw diagrams, include a venn diagram. It is up to you and a chance to be creative!
