

w/b 20.4.20 Class 3's home learning: Science

Please complete this work in your green topic book. Remember to write the short date of when you do the work.

Rocks

Explain in your own words:

- What are the three main categories of rocks?
- How are each of them formed?
- Give examples of each type (eg. sandstone and chalk are examples of sedimentary rock).
- Draw diagrams/pictures.
- The BBC Bitesize 'What is a rock?' website could help.
- <https://www.bbc.co.uk/bitesize/topics/z9bbkqt/articles/zsgkdmn>

Fossils

Explain in your own words how fossils are made.

- Draw diagrams/pictures to help you explain.
- The BBC Bitesize 'How are fossils made?' website could help.
- <https://www.bbc.co.uk/bitesize/topics/z9bbkqt/articles/z2ym2p3>

Loving this topic and want to add more to your work about fossils?

1) Why not watch the BBC Bitesize video 'What can we learn from fossils?'

- <https://www.bbc.co.uk/bitesize/topics/z9bbkqt/articles/z22g7p3>

2) What are some types of fossils found in Britain?

- Draw pictures of them and write a little bit about each.

Ask an adult to sign up for a free account and have a look at some of the activities under the 'rocks' topic.
