

If you still need some practise...

Continue practising telling the time by

- Having an adult regularly ask you the time on an analogue clock
- Using the Top Marks Teaching Clock to set the time

w/b 6.4.20 Can I tell the time? (Y3)

No need to write anything down for these questions, just talk through them with an adult.

# Half past, quarter past, quarter to

Time 01

The boats have to go back at different times. Write the clock face which matches each time.

A B C

D E F

- 1 quarter past 7
- 2 half past 2
- 3 quarter past 10
- 4 quarter to 6
- 5 quarter past 4
- 6 9 o'clock

Write the times, in order, starting at half past 2.

Write these times.

7. 8 o'clock

7 8 9 10

w/b 6.4.20 Do I understand the concept of years and months? (Y3)

Everyone is to do this work, please.

This page does not need to be printed out.

In your yellow maths book, please write the short date for the day you do this work and the above question.

1) Spend time looking at a real calendar.

a) Which months have 30 days?

b) Which months have 31 days?

c) Which month doesn't fit into either of these categories?

d) What happens to the answer to 'c' in a leap year?

e) Is there anything else you noticed?

**Challenge:** Can you explain why we have a leap year?

2) Please write the sentences out in full in your maths book.

Use the numbers to fill in the gaps in the sentences.

There are \_\_\_\_\_ days in a year.  
There are \_\_\_\_\_ months in a year.  
There are \_\_\_\_\_ days in a leap year.  
There are \_\_\_\_\_ days in a week.  
Leap years happen every \_\_\_\_\_ years.

3)

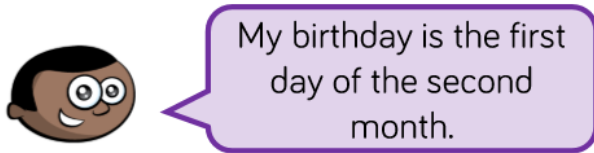

Put these dates in order from earliest to latest in a year.

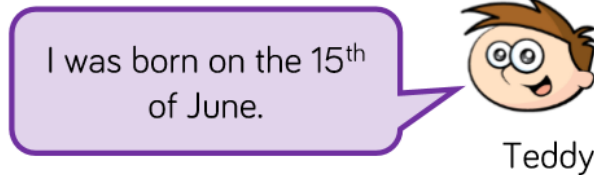

w/b 6.4.20 Do I understand the concept of years and months? (Y3)

*Reasoning and Problem Solving (be brave and have a go!)*

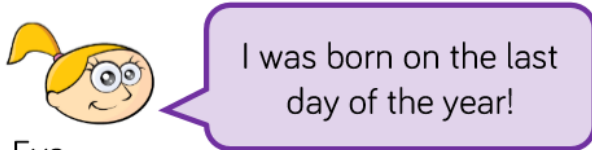

1) 4 children describe their birthdays.

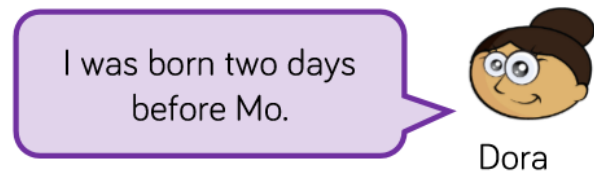

Mo

Teddy

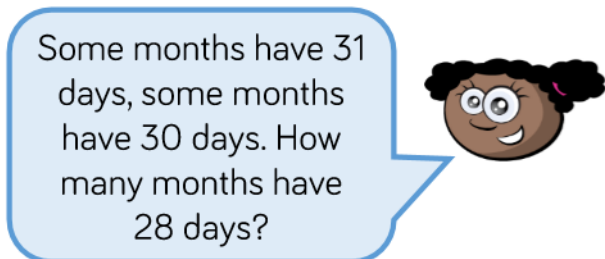

Eva

Dora

Can you work out their birthdays and order them from earliest to latest in the year?

2) Whitney asks Rosie and Jack a question.

Rosie

Jack

Who do you agree with? Explain your thinking.

For the following pages, choose

Challenge 1

or

Challenge 2

w/b 6.4.20 Do I understand the concept of days and weeks? (Y3)

This page does not need to be printed out. Please write the short date you do the work, the above question and Challenge 1 in your book. Remember to write the question number too!

Challenge 1

Time

C3

# Days and weeks

Write how many days old.

1. 15 days

1.  2 weeks 1 day

2.  3 weeks 3 days

3.  1 week 5 days

4.  5 weeks 1 day

5.  4 weeks 6 days

6.  7 weeks 1 day

7.  3 weeks 2 days

8.  3 weeks 1 day

Write in weeks and days.

9.  17 days to Christmas

10.  20 days to Diwali

11.  50 days to holiday

12.  25 days to party

13.  30 days to my birthday

14.  100 days to Chinese New Year

Find out how long it is to the end of term, and to the start of next term.

w/b 6.4.20 Do I understand the concept of days, weeks, months and years? (Y3)

This page does not need to be printed out. Please write the short date you do the work, the above question and Challenge 2 in your book. Remember to write the question number too!

Challenge 2

# Days, weeks, months and years

Time

Write how old each elephant is in years and months.

1. 1 year 1 month

13 months

18 months

26 months

39 months

50 months

120 months

Write the number of:

- 7 days in a week
- 8 months in a year
- 9 weeks in a year
- 10 months in 2 years
- 11 days in a year
- 12 years in a century

Write the number of months in a millennium.  
Can you work out the number of weeks?

13 At the end of term, Greg had a 4-week holiday. He went abroad for 18 days, then went camping for 9 days. How many holiday days are left?

14 There are 30 days in April. Jim's birthday was on 23rd April. What is the date 3 weeks after his birthday?

For the following pages,

Everyone should do the first page.

Be brave and have a go at the  
*reasoning and problem solving.*

w/b 6.4.20 Do I understand the concept of hours in a day? (Y3)

This page does not need to be printed out. Please write the short date you do the work and the above question in your book. Remember to write the question number too!

1) Please write the sentences out in full in your maths book.

Fill in the gaps in the sentence stems.

There are \_\_\_\_ days in a whole week.

There are \_\_\_\_ days in a school week.

There are \_\_\_\_ hours in a day.

There are \_\_\_\_ hours in a school day.

2) Write these headings in your book and then put the correct time/event in the correct column.

Morning	Afternoon	Evening	Night
Breakfast	Midnight	Midday	Go to school
Supper	Bedtime	Assembly	Brushing teeth

3) Write and complete the statements in your maths book.

$$1 \text{ day} = 24 \text{ hours}$$

$$\text{___ days} = 120 \text{ hours}$$

$$2 \text{ days} = \text{___ hours}$$

$$\text{___ days} = 60 \text{ hours}$$

$$\text{___ days} = 240 \text{ hours}$$

$$20 \text{ days} = \text{___ hours}$$

w/b 6.4.20 Do I understand the concept of hours in a day? (Y3)

*Reasoning and Problem Solving*

1)

Mo

I get up at 7 o'clock in the morning and go to bed at 7 o'clock at night. This means I have been awake for a full day.

Do you agree with Mo?  
Explain your answer.

2)

Su	Mo	Tu	We	Th	Fr	Sa
	1	2	3	4	5	6
7	8	9	10	11	12	13
14	15	16	17	18	19	20
21	22	23	24	25	26	27
28	29	30	31			

In this month, there are no school holidays.

In this month we have to come to school for 31 days.

Teddy

Do you agree with Teddy?  
Explain your thinking.  
Which month could it be?
