Class 3's home learning, week beginning 6th July 2020

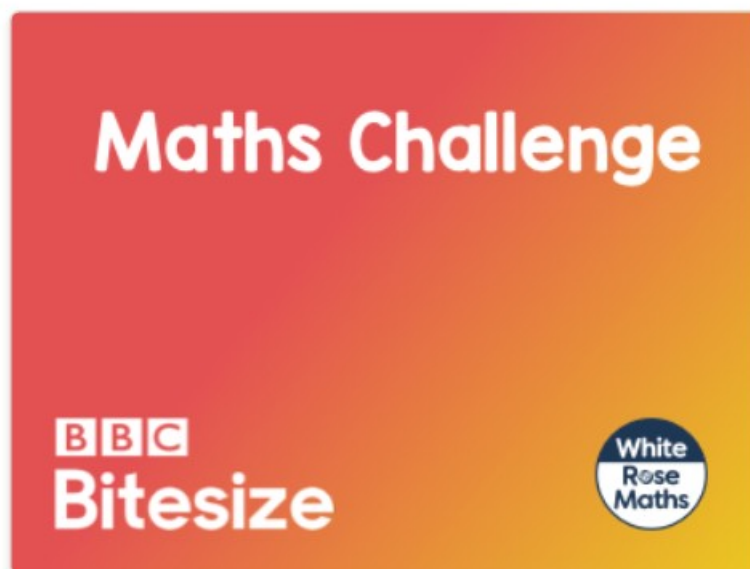

Maths - year 3

Choice #2 — Lesson 5

Outdoor Maths Challenge

This past week you have been learning about

- drawing accurately
- recognising and describing 2D shapes
- recognising and describing 3D shapes

Your challenge is to go outdoors and

- choose items to measure accurately
- find as many 2D shapes as you can
- find as many 3D shapes as you can

You could create a label for each of the above and then take some photos.

If you're able to, why not create a PowerPoint presentation to show off your learning? Then email it, or the photos you took, to office@wreningham.norfolk.sch.uk for us to have a look.
